

# Introduction to Medical Transcription at Three Rivers Community College Summer 2009

---

- Dates:** June 30, 2009 — August 27, 2009
- Days:** Tuesdays & Thursdays
- Time:** 11:00am — 1:00pm
- Cost:** \$375.00
- Supplies:** Student will need to purchase USB foot pedal and headphones before the start of class (cost is approximately \$50.00).

A medical transcriptionist listens to a recorded summary about a patient, types what is heard, and then places the information in the client's permanent record.

This course will present an overview on medical transcription, its purpose, different perspectives about it, a style guide, and 12 body systems and 2 specialties with transcription exercises.
