History of TRCC

Three Rivers Community College is a commuter college that serves Southeastern Connecticut and eastern regions of the state with a variety of credit and non-credit degree and certificate programs designed to meet the dynamic needs of our learning community. The college’s core hours of operation are Monday - Friday, 8:30 - 5:00 PM.

Three Rivers was formed in 1992 as a result of a mandate enacted by the Connecticut General Assembly which merged community and technical colleges in five geographic areas around Connecticut. Named in recognition of the region’s three primary rivers—the Shetucket, the Yantic and the Thames, Three Rivers Community College, now at a single location, was formed from the merger of Mohegan Community College and Thames Valley State Technical College.
